COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The restriction on overnight parking on streets became effective on Nov. 1. Also no street opening permits will be issued unless directly connected with the sewage project. The town office will be open Saturday morning from 8 a. m. to 12 noon to accept absentee ballots. As this is not a regular business day we cannot register voters. Anyone wishing to register may do so by coming to the town office the day of election. We cannot accept registrations Monday as the law provides us one day prior to elections to update the voting lists.

Next week Robert Davis and two other members of the highway department will be on vacation. Mr. Davis will be out of town on a hunting trip. There will be three men on duty in case of a storm.

Three thousand yards of winter wood has been stockpiled and the town is ready for snow. The men are erecting snow fence which will complete our preparedness for winter.

TELSTAR CRUSHES WINTHROP 33-7 FOR M. V. C. TITLE

—TO HOST MEXICO SATURDAY

The unbeaten Telstar Rebels returned three intercepted passes for touchdowns while running up a 33-7 win against host Winthrop High to nail down the Mountain Valley football championship last Saturday.

The Rebels now sport an 8 win, no loss record. Winthrop has five wins, a tie and two losses.

It was a 7-7 game at the end of the first half and Winthrop seemingly was in a position to threaten for an upset. Two intercepted passes returned for touchdowns in the third quarter, however, turned the tide for the opportunist Rebels, who put the outcome far beyond reach with another brace of touchdowns in the fourth period.

Playing without injured back Doug Brooks, Telstar gave up a first period score to Winthrop. Greg Bellemare returned the opening kick off to the Telstar 19 to set the stage. An interference penalty on fourth down moved Winthrop to scoring position and quarterback Tim Hinds went over from the three on a keeper. Norm Auclair kicked the extra point.

Before the end of the period Telstar moved 83 yards in a 13 play charge. Paul Farrar diving over from the Winthrop one and Glenn Olson kicking the tying point. The Rebels had an 89-45 yardage advantage but points remained even at the half.

Next came two interceptions by Ricky Westleigh and one by Wayne Cummings as Telstar assumed second half command. Westleigh car-

ried the first one back 10 yards to a score and though the kick for extra point failed the visiting Rebels were ahead for good.

Cummings cut in on a Winthrop aerial before the conclusion of the quarter and ran it 53 yards to a six-pointer that made it 19-7. Again the point after kick failed. In the fourth quarter Westleigh stole another Winthrop pass and came back 32 yards to a convincing marker. Telstar came up with a two-point conversion as Alan Seames recovered a loose ball in the end zone to make it 27-7.

A late 43-yard Telstar drive accounted for the final touchdown with Paul Farrar going the last two yards. Again the kick for point was not good. Out-totalling Winthrop 201-75 in total offense and 16-7 in first downs, Telstar dominated with Tim Rosenberg, Glen and Randy Olson and Frank Howard doing a big job at the scrimmage line.

Unbeaten Telstar entertains Mexico (5:30) at 2 o'clock Saturday afternoon in the season's finale.

Saturday's summary:

Telstar 7 0 12 14-33
Winthrop 7 0 0 0-7
Winthrop-Hinds 3 run (Auclair kick); Telstar-Farrar 1 run (G. Olson kick); Telstar-Westleigh 2 intercepted pass (pass failed); Telstar-Cummings 32 intercepted pass (pass failed); Telstar-Westleigh 32 intercepted pass (Westleigh pass from Blake); Telstar-Farrar 2 run (kick failed).

FREE TESTING FOR DIABETES AVAILABLE DURING MONTH

The Bethel Health Council is co-operating with the Rumford Community Hospital and Auxiliary's Health Information Forum in sponsoring an area wide diabetes detection program in November.

The bulk of the screening program will be done in this area through the mills in Bethel, West Bethel, Locke Mills and Bryant Pond during the week of Nov. 6. This includes: Stowell Silk Spool Mill, Ekeo Housewares, Chadbourne Lumber Co., Davis Lumber, Hanover Dowel Co., Favreau's Mill, Kendall's Dowel Mill, and Newton Tebbets Mill. All school teachers in S. A. D. 44 will also receive test kits. Anyone else interested in taking this free test may pick up a kit at one of several stores in town next week. These kits should be returned to the store before the end of the week.

Frances Gunther, president Bethel Health Council is chairman of the Bethel area program assisted by Caroline Merrill, Suzanne Bartlett, Mary Rice and Jane Mills.

The testing kit is known as a "Dreppak," a chemically-treated paper strip which is used to reveal the presence or absence of sugar in the urine. Persons will use this at home and return it for testing. Because results appear only after treatment of the strip with another chemical each Dreppak unit includes a dual purpose return envelope which contains complete instructions for its use. Testing will be completed by the laboratory department of Rumford Community Hospital. The private physicians of persons with positive tests will be notified and they will contact their patients for follow up treatment.

Early detection, followed by prompt medical advice and proper care, improve the diabetic's chances to lead a productive life. All persons who are over 40, overweight, and are related to a diabetic are urged to take the test since they are the most likely to develop the disease.

MY WORLD AT GOULD'S ACADEMY

by T. Fitzmaurice Vail, 1907

Recently I received a communication from Gould Academy. It took me back in memory many years, 61 to be exact. It prompted me to write my world of Gould's Academy.

I believe I am one of the oldest living graduates of Gould's. I was 18 when I entered in 1903, graduating in 1907, and 23 that fall. There were 12 in the class and I am the only living member. I will be 68 years old Nov. 9, 1972.

Now, I will just close my eyes to all the beautiful buildings and surroundings there are now and go back to that winter day in 1903, in December. I came from Newry and was hardly acquainted with Bethel. I entered a whole new world as I walked up the broad wooden steps between the pillars and entered the box-like building, a picture of which hangs in the lobby of the beautiful building that takes its place. As I entered to my right of the small lobby was the girls' coat room, and entrance to the assembly room. To my left, the boys' coatroom through which you went to reach the basement. The students' desks faced the entrances between which the Professor's desk was placed.

Professor F. E. Hanscom was usually seated there and welcomed each boy or girl with a cheery greeting. The senior class occupied the back rows to freshmen in front. Rather embarrassing for my size to be in the front row, but soon was allowed to work my way back. What a thrill when I got to a back seat in my junior year.

How many times have I read the motto over the Principal's desk, "To Thine Ownself Be True."

On our right was a small library, where at times we were called for some infraction of the school rules. On the left was the piano, large dictionary, globe, etc. a shelf at which two boys or two girls could get permission to study together, but never a boy and girl! We nearly always studied under the watchful eye of Prof. Hanscom as nearly all his classes were conducted in this room.

We assembled at 9 a. m., recessed, noon 1 hour at 12. Back at 1 p. m., recessed again, out at 4 p. m.

After morning exercises, classes were called. We marched through hall, up broad winding stairs to the second floor, under the eye of one of the teachers, which numbered 3 assistants.

On the second floor was one large classroom, one small room, two like restrooms, a science room, hardly used, and not much equipment, a trustee room, used at times for small language classes and committee meetings, also heart to heart talks with Professor Hanscom on moral issues. Three or four east rooms completed this floor.

Our social life was rather limited. We had to have three ladies from the town as chaperones. They were to be escorted to the gym by the committee for the evening before the start of the students went to the gym. They had to be greeted by each student as they entered and led through the gym. Socials began at 7 p. m. as possible as we had to stop at about 10 p. m.

to be at our boarding place by 10:30. All students either lived at home or boarded with families living in Bethel, and had to be in at 7 p. m. unless special permission was obtained. This covered every night except Friday, that was 10 p. m.

The gym floor was about the size for a regulation basketball floor. Just inside the lines in each corner stood a huge post to support the roof. These were padded with excelsior wound with burlap and wound again with blue and gold bunting, the school's colors.

On each post a shelf had been attached high up, on the shelves were large kerosene lamps. The lamp was protected by a cage of chicken wire. The janitor or someone appointed had to, by aid of a step ladder, take them down, fill, trim and put them in order each time the gym was used.

Now let's go to basement via the boys' coat room. An old iron sink,

running cold water on tap, a huge wood burning furnace supplied heat through large radiators. The only place to change to our athletic clothes was behind the furnace, next to the wood pile. Visiting teams used the trustees' room. This was all the facilities we had in those days.

Athletics were limited as we had no ballfield. All practices had to be done on the crescent grounds, site of the grammar school. It was very rocky so no games were played there. Games were played on the old Bethel Fair Grounds across the river, through the old covered bridge. This was a long walk. One had to be very baseball minded to go to practice after school as there was no transportation, only Shank's Mare.

During 1903-1907 there were only about four or five boys large enough to play football, so no team. In 1903 they were just starting a boys basketball team. The girls had played one or two years. I had nev-

er heard of basketball so on my first day I was initiated to basketball and began practice. I made the team and played center on the first team Goulds ever had, against Berlin High. Then played guard, and center was taken over by Dean Pingree. We continued to play these positions for four years. In the fall of 1907 I took a P. G. course in teacher's training and played sub., taking part in all but two games.

The team won every game we played against such teams as Herbron, Portland, Westbrook, Edward Little, Lewiston, etc.

We used to go out and ask business men and friends for donations in order to hire a coach for one or two weeks a year. That was all the help we had.

That was my world at Gould's, I would like to pay tribute to Prof. F. E. Hanscom, as the most wonderful friend and teacher. He had the best method of getting his sub-

ject across in the simplest manner. And I will close with one incident I will also remember.

One night in gym basketball practice one of the students got into an argument with a student-teacher. It nearly ended with a fist fight; after being egged on by the other boys,

The next morning we were told all boys in gym at that time go to the large class room. Prof. Hanscom said; boys you were all in gym and egged on the fight. He left his desk, walked up each aisle, looked at each one of us very closely; went back to his desk, looked at us again, and said, boys, I have scrutinized you, studied you very closely, and have come to the conclusion that there isn't one of you that has the courage to lick a post-age stamp, just because there is a

man's head on the other side. You are excused. Very small boys filed out of the room. Moral: don't urge people to do what you don't dare to do yourself.

ON THE
HIGHWAY
BOND ISSUE

BOND FINANCING

13.6 million in bonds for highway construction is a new way to pay for highway while delaying the burden of tax.

NO INCREASE IN THE SALES, INCOME NOR PROPERTY TAX
With such a huge of these funds in any way support the highway program.

VIRTUALLY NO INCREASE IN BONDED INDEBTEDNESS

We really believe as these bonds are issued about the same amount will be needed on October 1, 1973 as on the current bond issue.

\$17 MILLION IN FEDERAL FUNDS

will be returned to the state. This represents the money given back to the Treasury by Maine highway bonds. Bonds matched by the proceeds of the bond issue, these funds will be lost to other states.

STRENGTHEN MAINE'S ECONOMY

By maintaining the size of the 8,000 persons employed in the highway construction industry. More important is the fact that about 100,000 persons are employed in the 100,000 highway construction industry, which is the largest source of jobs in the state.

MOST IMPORTANT OF ALL,

The residents of Maine are so dependent upon the highway system that we simply cannot allow it to deteriorate. Roads which are not in good shape and are not maintained will cause us to lose jobs and tax revenue. We have to continue to improve them just to stay even. But only the bonds will give us the money to do it. We are not asking for more money. We are asking for the money we need to keep our roads in good shape. We are asking for the money we need to keep our roads in good shape. We are asking for the money we need to keep our roads in good shape.

TO THE CITIZENS OF
OXFORD COUNTY:

I agree with those who have said policemen should not be involved in politics; however, it is a fact of life that under Maine law, the Sheriff of each county shall be elected. It is for this reason that I feel compelled to communicate to you, the people of Oxford County, why I support Alton Howe for Sheriff.

As a prosecuting attorney for this County for the past four years, I have worked closely with Mr. Andrews and Mr. Howe. Based on my experiences with both, I prefer Alton Howe. He is concerned, experienced and dedicated. His work as a policeman for the Town of South Paris and as a Deputy Sheriff of Oxford County has always been of the highest caliber.

The man has impressed me with these qualities and he has gained the respect and confidence of others in the field of law enforcement. I state without question Alton Howe is the best man for the position of Sheriff of Oxford County.

This paid for by the Howe for Sheriff Committee

Dear Friends:

The time has come to elect the new Sheriff of Oxford County and with it has come the time for me to write to the voters who will elect him. Two men are running but only one can win . . .

Alton Howe should be that man. Alton has sixteen years experience in law enforcement. He has taken courses and studied on his own. Alton is a good cop and wants to be a better one. He is willing to work to achieve this goal.

During the last three years I have had occasion to work with Alton many times. I have found him always to be concerned with the rights of the individual and with the rights of the public. To Alton, justice is more important than convictions. Since this is my own attitude toward law enforcement I feel that Alton and I will make an efficient team for better law enforcement in Oxford County.

Cast your vote for Alton Howe on November 7, 1972 and cast a vote for better law enforcement in Oxford County.

TO THE VOTERS OF
OXFORD COUNTY

As most of you know, I am a candidate for Sheriff of Oxford County. Before I ask you to vote for me on Thursday, November 7th, I would like to express my views on law enforcement and tell you some things about myself.

I have moved before that all people should be treated equally and all laws should be enforced equally. I believe if a policeman stops a person, they will respect him. I believe that discipline of crime and the apprehension of criminals are equally important. I believe quality law officers and deputies are quality law officers.

I feel the Oxford County Sheriff's Department should be made up of well trained, experienced men who will work with all other law enforcement agencies to best represent and assist all people in this county.

My experience as a Game Warden, Deputy Sheriff, local policeman, and businessman will be used full-time to run an efficient and effective department. As a father, I am concerned about young people, and I intend to focus more attention on the problem of youth, through an active drug abuse program, and implementation of a juvenile offender officer.

There are just some of my objectives. However, I do not believe in political promises. I only ask for an opportunity to do my best for the people of Oxford County.

I respectfully request your support on Election Day, November 7th.

CAMPAIGN '72

Election time is almost here. And everyone please note, (1) out and cast your ballot. To exercise your right to vote.

A president we will elect. In this year of seventy-two. Is it Nixon or McGovern? The choice is up to you.

Here in Oxford County. A Sheriff we must choose. To bring in law and order. And catch criminals on the loose.

The man who is most experienced. Is the one named Alton Howe. A strict and honest policeman. Who patrols our streets right now.

He's not a politician. But to beat the other side. He enjoys law enforcement work and is very qualified.

Alton is a high school graduate. And a veteran of World War II. He has extensive training. In F. B. I. and U. S. Army.

He attended law and criminal school. Was made president of his class. He served under three high sheriffs. As a deputy in the past.

He's a man to be respected. He's always put the name. He'll do the job and do it well. And I know where to place the blame.

All right and the time. To elect a Sheriff. He's got a forty eight hours a week. As a cop on Market Square.

A married man. A father. A family man. A very happy family man. A very happy family man.

We've run a very clean campaign. An Alton asked that we please do. The time talk didn't bother us. And the rest is up to you.

Let's all get going together. The time is here and now. Elect a Sheriff. Alton should be on the job. Vote for Alton Howe.

He has stated it will be Federally funded but can YOU as a taxpayer in Oxford County afford the expense of the after one year when the federal funding runs out. Danny works at the Bethel Citizen office four days a week in the afternoon. He prints cards and programs, return addresses on envelopes, makes letterheads, sets type, and "anything else that pops up". He said he printed 14,000 envelopes in the first week.

Edwin, Donald, and John Brown give the instructions. Danny likes his job, he's glad he's working on the co-op program and says "they're pretty good to work for."

Students on the co-op program must schedule their classes around their jobs, or vice-versa, and keep

The 3rd game was against Dixfield. They defeated our Varsity 2-0, and the J.V.'s 1-0.

Sharon Dombkowski scored in the next game against Windthrop to give Telstar a 1-0 victory.

Hill Dale then defeated the Varsity 4-0. The J.V. girls held with a 0-0 score.

The team traveled to Berlin only to receive a 1-0 defeat. Irene Howe scored in the J. V. game to get a 1-1 tie game.

LETTERS TO THE EDITOR

Dear Editor:

I personally am sick and tired of half truths and innuendos being tossed around by Stuart Martin, a candidate for the office of County Commissioner and letters, especially by Sheriff Haskell in behalf of Andrews, a candidate for Sheriff.

Mr. Martin chooses to confuse the taxpayers on the purchase of the so-called "pickle factory" at South Paris at a price of \$30,000. For his information, the binder fee of \$3,000, came from the Contingent Fund. He also states there is no Capital Reserve Fund. There is, Sir! It's on deposit at the Norway Savings Bank, Account No. 26840 in the amount of \$15,600.00. You Mr. Martin were County Treasurer when this account was opened. Short memory, Sir?

Commissioner Norman K. Ferguson, Jr., went to the Selectmen of the Town of Rumford and misled them into believing that the purchase of this property would cost the Town of Rumford \$10,000, in County Taxes. It was pointed out and proven at the hearing before Justice Spencer that this property would be an asset and not a liability to the taxpayers. It strikes me as odd that when the County did the same thing for an airport in the Town of Oxford last year, there was no action taken against the Commissioners.

Under the direction of County Commissioner, Burton A. MacDonald, the County tax has been lowered in each of the last three years. Even with new programs, an airport and the pickle factory purchased, taxes for next year would have been still lower. Use these four towns as an example:

	So Paris	Norway	Mexico	Rumford
1970	21,500	21,300	10,750	112,918
1971	18,096	10,914	8,674	92,394
1972	17,888	10,092	8,772	91,332

I would suggest that the voters and taxpayers take a close look at the Rex Theatre in Norway and you'll understand why the County Commissioners feel that this is an undesirable building to store donated commodities.

Mr. Martin says he does not question the integrity of the County Commissioners. Are you by intuition intelligent enough or qualified? If you were elected, Mr. Martin, what qualifications would you bring with you? Surely you wouldn't want to say that one of them would be as a Town Manager in Mexico?

Now in answer to Sheriff Haskell's letter (in Norway Advertiser-Democrat, Oct. 26, 1972) where he says he is disturbed about reports that some of his deputies are engaging in political activities. He says this is forbidden! Take a look Deputy in a candidate for Sheriff as a Republican, yet when another Deputy wanted to be a Democratic Candidate, you told him you'd fire him the moment he announced his candidacy.

My books show that in the year 1971 when there was no political campaign, for Jan. to Sept. Mr. Andrews' gas and oil bill to the County was \$421.04. For the same period of time in 1972 the cost for Mr. Andrews' car \$148.13. In September of 1972 Mr. Andrews' telephone bill submitted to the county was \$144.20. No deputies campaigning. Sheriff?

What I have given you for facts

DOUBLE SILVER ANNIVERSARY PARTY AT WEST PARIS

About 200 relatives and friends gathered at the West Paris Grange Hall Saturday night, Oct. 28, to honor Mr. and Mrs. H. Stanley Andrews of Bryant Pond and Mr. and Mrs. Robert Bean of South Paris on their 25th wedding anniversary.

The two couples were escorted to their seats at the front of the hall by their children while Mrs. Anne Dunham of West Paris played the wedding march.

A short program of music and poems was announced by Walter Appleby. The program was opened by Mr. Appleby singing "Love's Old Sweet Song." An original poem honoring Mr. and Mrs. Bean was written and read by Mrs. Verna Cole. A poem in honor of Mr. and Mrs. Andrews was written by Mrs. Olive Davis and read by Mrs. Esther Davis. The song "Always" was sung by Merle Ring.

Mrs. Edwina Palmer and Mrs. Elaine Wilday were in charge of the gift tables while the guest books were circulated by Mrs. Hazel Andrews and Mrs. Evelyn Mason.

This happy occasion proves that life can be stranger than fiction, for these two couples were married on the same day and 23 years later their son and daughter were united in marriage.

The happy couples were the recipients of many lovely gifts and mementos. The party was catered by John's Bakery and Catering Service of Mechanic Falls.

and figures are available to anyone interested by dropping into my office at the County Building.

This, Sir, is my first "letter to the editor". Never before had I felt so enraged that I would do so. For someone to attack Burton A. MacDonald, the County Commissioner, Chairman as was done by Mr. Martin is unforgivable. Commissioner MacDonald has done more to bring about honest, efficient and responsible County Government than any of his predecessors.

As for Alton Howe versus Richard Andrews for Sheriff: I personally know the qualifications of each and Alton Howe is by far the best.

Sincerely,
 Donald R. O'Leary
 Oxford County Treasurer

Oct. 31, 1972

To the Editor:

Experience in law enforcement gained in eight years as deputy sheriff of Oxford County (three years as chief deputy) has well qualified Richard W. Andrews to assume the office of County Sheriff.

He is well equipped and deserving advancement to that office.

Sincerely yours,
 Robert D. Hastings

Dear Editor:

I am wondering why the County Commissioners have not advised the voters and taxpayers that under the new Federal Revenue Sharing plan recently signed into law by President Nixon, Oxford County government will receive \$100,320.00 each year for the next five years. This money can be used to reduce property taxes or for new programs or approved categories. It should be used to reduce the county tax levied on towns. This would create a reduction of one-third, or even more. Why the secret?

Recently I took a trip through Albany and Mason after learning of poor road conditions. I was amazed that these roads have been reported. There appears to be no reason for it as there are maintenance balances in both road accounts. Also, I noticed a note item in Saturday's Lewiston Sun that Albany is to receive \$97,000 and Mason \$10,187.00 from the U.S. Mtn. National Forest timber sale. This money can be used in many ways for road repairs or construction. Why this gross neglect?

TELSTAR R. H. S. NEWS

We have added another MVC championship title to our trophy list this week with the football win over Winthrop. That should put Telstar once and for all into the ranks of those teams, football and cross-country, which enjoy a reputation of being better than average all of the time. We at the school have known that for several years, but as with all new things, there had to be a proving period.

Last Thursday night the Pi Cone Math League held its first meet. Telstar turned in a very good performance, ending up third in the state in the small schools division. Our team shows great promise this year with the top four scorers from last year returning as Seniors. The team has good depth and should go a long way.

The Chess Club had its first meet Saturday morning. We did not do as well as we might have, but we all learned a good deal about playing in interscholastic chess competition.

The cross-country team qualified for the state meet Friday by placing third in a field of ten teams in the Class B regional. We defeated all

of the MVC teams again this time by a much larger margin. With the state meet this Saturday we run against a group of teams that includes defending state champs, Gorham.

The Student Council meeting this week was devoted entirely to a discussion with the Assistant Principle, Dr. Yeo. I think we now have a better understanding of what we can expect in our relationship with him and he also learned a few things about the council.

THIS WEEK AT GOULD

This past week proved to be rather disappointing to most of the Gould teams. Only one team was triumphant through the entire regular season.

The cross-country team has shown to be the most consistent. The team was successful against NYA as they swept the meet 15-05 on Saturday. With eight victories and no losses already wrapped up these boys are justifiably confident as they enter the state prep school championship.

One of the discouraged teams was

the girls' field hockey. The girls had suffered no defeats until they met Dirigo's squad. Both of the teams appeared to be evenly matched until the second half, during which time Dirigo scored 3 quick goals.

The soccer team was turned back by Hinckley, this past Saturday. Hinckley was found to have a big strong squad, and dominated the game, to easily win by a score of 6 to 1. This contest was crucial to

Gould in that they were pushed out of the state prep school championship by its outcome.

The football team again had trouble pulling itself together before the second half. The match was with Dirigo, but didn't prove to be an even one. The first half was a give away to the Dixies. The Huskies held their ground in the second half but it was too late. The final score was 31 to 6.

WHITING for Probate Judge

I want voters to know that I will support needed changes in our Maine Probate Court system; studies have shown changes and modernization are needed.

An impartial study by the Institute of Judicial Administration of New York, which cost the taxpayers of Maine \$10,000, reveals that Maine is out of step with many other states which are now revising their systems — yet nothing has been done here.

I think costs of Maine citizens doing business in the Probate Court should be reduced, rather than increased. I agree with those who believe that the process should be speeded up and simplified.

I also want the voters to know that I am absolutely against proposed probate cost increases currently being recommended by some.

GREENWOOD CITY

— Mrs. Colista Morgan, Corres. —

My first visit was to the mud house just across from what a lot of work they have into it! It stands well above water which some say is a sign of deep snow this winter. (Usually snow anyway; isn't it?) These animals named for muskglades the groin dine on woody plants, weeds, cattails, and water lilies. They are active day and night. I enjoy watching them. I look for the entrance to the house, although I knew it was under water and probably not visible. I found two more houses where the catfish nestled in the breeze that once carried the song of the redwing blackbird.

The change all along the way since a ride in September was noticeable. I suppose it now is the in-between season in nature. One can see mud now, that the eyes missed in the business of the summer; but until many falls the leaves still cling to the branches.

Many of the tall elms by the pond will never have leaves again. The reach cold and gray above the water.

I had no intention of going up to Sunborn when I set out but NYMPH just seemed to take that way. He will it seemed! No "O-k-a-lee" greet me. Just the blackbirds' empty nests visible in many places along the banks.

Far in the distance at one turn that individual tree the tamarac stood like a candle of yellow, symmetrical and tall. They are getting ready to "hibernate" for the winter; their branches bare against the forest of pine.

I saw floating poplar branches at the edge; the work of nature's lumberjacks. As woodcutter, hauler, archer, and mason, the beaver has a far-footed peer. They are primarily nocturnal, but can be seen along in the daytime.

Along the banks now were the goldenrods in their glory of ripeness, graceful and gray haired.

Wild blackberry canes frosted purple, stood out against the cinnamon line in the open places.

The twining shrubs, woodbine, honeysuckles, everywhere, revealed themselves in abundance, serene and leafless, graying like an old man's beard, but a reminder of earlier peaceful drapes of green when I was here in mid-summer.

Turning downstream, facing Noyes Mountain, the landscape was decked in browns. The oaks predominated. As I thought of other browns; ferns, haws, acorns, white pine cones, milkweed, corn-husk, tassels of grass, buttons on the button bush, pine needles, cattails, and many others. The vivid colors have gone with October but gloomy November

On October 1, Senate Minority Leader Elmer H. Violette unveiled an 8 point plan that goes beyond recently passed Federal Legislation to help rural areas.

Jobs...tax reform...health care...housing...transportation are all ingredients in the Violette package.

Elmer Violette believes that the decline of rural America has "changed the spirit of America and caused us to lose much of what we treasured in our national life".

By helping rural America, Elmer Violette believes we will also help ease the problems of our cities.

OVER \$500 WORTH of fire prevention, information and directional signs have been reported damaged or stolen in the past month by the U. S. Forest Service on the Evans Notch Ranger District.

John Anderson, Evans Notch District Ranger stated, "The recent destruction of the Smokey Bear fire prevention sign on Route 2 near Gilend has cost the taxpayer a substantial amount of money. We don't have funding to replace these expensive signs and the loss stops us from doing an effective job in fire prevention and service to the public." Anderson went on to relate that each year the White Mountain National Forest loses over \$4,000 worth of signs to vandals. Some signs are stolen, others are defaced by carving or shooting, and many many hours of labor are involved in repair. Damaging or stealing signs is a Federal offense, and anyone caught in these malicious acts will find themselves facing stiff penalties.
